REF. NO.: S&G/22/Vol I/0010

DATE: 6<sup>th</sup> November 2022

The Registrar,  
New Mexico State University,  
United States of America.  
  
Sir,

### **RECOMMENDATION LETTER IN RESPECT OF OLANIYAN OLAMIDE CHRISTOPHER**

Mr. Olaniyan Olamide C. was a student in the department of Surveying and Geoinformatics, Federal Polytechnic Ilaro. I have been close to him as his lecturer and supervisor in the department for over (9) nine years during which I have known him to be hardworking, intelligent, decent, reliable and dedicated. He is also resourceful, disciplined amiable and above all, a God fearing young man.

Olamide is motivated by research activities and quest for knowledge. He has shown keen interest in researches related to environmental solutions using tools such as GIS among others. He willingly accepts responsibilities and challenges and he is a good team player who relates well with colleagues and subordinates alike. He has also proven himself to be of high moral character.

I have no reservation that he will maintain his moral and academic standards. I therefore strongly recommend him for the program.

Thank you

.....
